HEALTH AWARENESS

Daylight Saving Time Ends

Adjust your clocks Saturday night! Daylight Saving Time ends on **Sunday, November 2, 2025**, at 2:00 A.M. At this time, we “fall back” one hour!

National ADHD Awareness Month is observed in *October*.

ADHD (Attention Deficit Hyperactivity Disorder) is a very common disorder which affects children and adults. It has for many years been recognized as a childhood issue that affects focus, self-control and many other important skills. However, it has only recently been recognized as an adult problem too. The cause is an imbalance in the brains anatomy and its wiring.

ADHD Awareness Month helps raise awareness of ADHD for parents, teachers, students, adults, and professionals working with those with ADHD. With increased awareness, more people can get the help they need to live better, more rewarding lives. National ADHD Awareness Month is celebrated every October with events and activities.

HR REFLECTION FOR THE MONTH...

**Praise bright blue skies
and dark rain clouds.**

**Lift happy voices
upon the morning air.**

Murmur sweet words softly
in the evening *breeze*.

Be present
in all things
and *thankful*
for all things.
