Summer Tips

Heating and cooling costs make up nearly 50% of your annual energy costs. Small changes to your thermostat can add big savings to your home's heating and cooling costs. Use the following tips this summer to stay cool and save electricity:

In the summer, keep your thermostat no lower than 78°. Each additional degree below 78° adds about 3% to your energy costs.

If you use a window air conditioner, seal all cracks and open areas around the unit. Check the filter regularly and clean or replace the filter when needed.

Use fans instead of, or in addition to, air conditioning.

Weather strip your doors, caulk cracks in the door frames and replace worn or ill-fitting thresholds.

Avoid using appliances such as the washing machine, dryer and dishwasher during peak electric usage times (between 7am and 5pm). Daytime hours have the highest demand for electricity, so wait until the evening hours, when temperatures are lower, to run energy-guzzling appliances.

The City of Laurinburg now collects all the following items in the curbside recycling program:

Newspaper; Aluminum Cans; Steel Cans; All plastic containers with #1 or #2 on bottom (does not include Styrofoam); Corrugated Cardboard; Clear, Brown, and Green glass bottles; Used Motor Oil (secured in a plastic bottle with a tight cap and placed beside the recycling cart); Used Cooking Oil (secured in a plastic bottle with a tight cap and placed beside the recycling cart)

Other Solid Waste Collection Schedules:

Corrugated cardboard is collected every other week along with other recyclables. Please flatten your cardboard boxes and place inside or next to your recycling cart on your scheduled recycling collection day.

Yard Waste is collected as often as possible. It is not assigned to any particular day as the trucks just get as far as they can each day. Please separate all yard waste into two separate piles, one containing limbs, shrubbery clippings, and/or pine cones, and the other containing leaves and/or grass clippings. The City does not pick up any limbs, logs, stumps, or mulch from tree removal.

Bulky Items are collected weekly on the same day of the week as household garbage. Please place your bulky items at the curb on the same day that you place your roll-out cart at the curb for collection. Bulky items includes all large trash items that can't fit in your cart, such as furniture, white goods (appliances), television sets, large toys such as bicycles and swing sets, lawn equipment, and used tires. The City does not collect building materials resulting from construction, demolition, remodeling, or repair work.

Bulky items may not be placed at the street more than 24 hours prior to your scheduled collection day.
