## Leaf/Limb Reminder...

Separating leaves and limbs at the curbside is very important and we need your help. We have two different ways of processing our yard debris, and because of that we need for all leaves, pine straw, and grass clippings to be placed in one pile together and all limbs (no larger than 4 inches in diameter and no longer than 6 ft in length) to be placed in a separate pile at the curb for pick up. Any piles that are mixed together will be left for the customer to separate. Once the piles have been separated properly, our city crews will pick them up during their next pass on the route.

## Calendar of Events
